Virtual ILC 2020

During the COVID-19 Pandemic, many textbook companies are offering free or reduced pricing for e-learning materials, including many textbooks used in the HOSA Competitive Events Program. Additionally, many internet service providers are offering internet services at a reduced cost.

* Other ideas: Many school districts have expanded Wi-Fi hot spots to extend multiple blocks from the school. Drive to the school parking lot and connect to your school's Wi-Fi network. Or drive to a local coffee shop, purchase a coffee in the drive-thru, maintaining social distancing, and then sit in the car while you connect to the internet for your project upload, or test, etc.
